

### **Dick and Bonnie Pacetti - 2013**

Dick and Bonnie have been married 50 years - WOW! Dick was born and grew up in Dearborn, MI and Bonnie was born in Northville, MI and grew up in Plymouth, MI. They have lived in the Indy area for 11 years. Dick retired from Ford in '91 and then helped Bonnie in her Ice Cream Shop until she retired in 1999. Bonnie enjoys being retired most of the time, particularly not having an early morning schedule. Dick enjoys being retired because every day is Saturday. Bonnie's interests include reading, their grandchildren and following Dick around. Firearms and shooting, aviation and Corvettes are Dick's interests. They have been members of CI since 2008 and have also been members of Circle City Corvette Club and Flint Corvette Club (MI). Dick became interested in Corvettes when a buddy bought one in 1963. But he worked for Ford so he didn't actually buy one until 1999. They currently own a '92 red coupe and their new baby - an '09 yellow coupe. Those are the only two Corvettes that they have owned but they did own a Hot Rod - a '34 Ford 3 window coupe with a Hemi. Dick and Bonnie like the people and the activities best about CI and particularly enjoy the Drive n Dines and the car shows. Dick shared a story about a time when they were driving through Kentucky in the '92 and kept hearing a knocking sound. But he could not find the source. When they got home he removed the rear wheel and found that the drag link grommet was missing.
